COMMENCING EACH DAY AT 2 P. M.

PREFACE

Mr. Clarence S. Bement has instructed me to sell at public auction, without reserve, his remarkable collection of modern gold, silver and copper coins. Being a gentleman with most refined tastes, and unusual discernment as to quality he has purchased only examples of the varions coins in the finest conditions; and in this second part (I sold the first section May 29, 1916) every piece is a gem of its kind, so that Collectors can bid with the fullest confidence in the coins being as described. Such an opportunity is rarely presented and I trust those interested may avail themselves of it fully, and favor me with an extensive line of commissions.

My next sale will be that of the magnificent collection of the late A. W. Jackman, Poughkeepsie, New York, of American coins only; therefore not conflicting with Mr. Bement's. The Administrator of that Estate was required to hold the sale in the State of New York; whereupon I thought it advantageous to hold that sale on the two days following—Bement Jnne 26th and 27th—Jackman June 28th and 29th at the Anderson Galleries, Inc. in their new building, 59th Street, Corner of Park Avenue, New York City. The reputation of this well known house is a guarantee of yonr being shown every consideration, fair and just treatment at their hands. Their new building is the finest in New York devoted to the auction business and we will be entertained in spacious rooms amid refined environments, so I trust every one will attend who can; those not so favored will send their bids in at their earliest convenience. The mails at present are sadly delayed and very uncertain so send your bids as quickly as you can.

Thanking collectors for their support in the past and appreciation of my efforts to treat them with fairness and liberality; and endeavoring to merit a continuance of the same, I remain

Sincerely yours,

HENRY CHAPMAN,
Numismatist,

TERMS OF SALE

This sale is made for cash on delivery of the goods, which may be obtained at the termination of each day's sale, or at the end of the sale on the last day of the sale.

The highest bidder to be the buyer.

Should a dispute arise and the disputant has a voucher and is willing to advance on the price at which the lot was stricken off, then the said lot to be put up again and sold to the highest bidder. This does not apply where a bidder has not made any offer prior to said item being knocked down—then the auctioneer will use his judgment as to the justice of the claim and good faith of the contesting bidder and his decision shall be final.

The auctioneer reserves the right to refuse the bid of an individual if he declines to make a cash deposit or pay sum bid on his request to do so.

No lot is separated. All are sold subject to the catalogue description and by the catalogue numbers. Should any lot become misplaced, the buyer does not acquire any right in it if it is stricken off without the mistake being discovered, and such a lot must be returned to the auctioneer. If any lot cannot be delivered from any cause whatsoever (though the cataloguer will make every effort to deliver), the auctioneers and cataloguer are only responsible for its value as sold and determined by this sale.

The auctioneers and cataloguer reserve the right to bid on their own account and for their clients who have favored them with commissions.

Every item is guaranteed genuine, and this holds good indefinitely.

Every lot sold so much each piece, except the proof sets.

No coins shown during the progress of the sale unless to oblige a special request. Any one wishing to see a lot will be given every opportunity to do so if possible.

Collectors are requested to carefully examine the coins during the exhibition at the auction rooms on day of sale from 9 to 12.30 o'clock, marking their catalogue, thus being prepared, as the sale proceeds at the rate of about 200 lots to the hour.

I will carefully and faithfully execute any bids entrusted to my care; charging a fee of 5% on the amount purchased—no charge being made for services rendered unless the lot was purchased.

The cataloguer and auctioneers will not be responsible for any errors made by bidders; so please carefully compare your bid sheet with the catalogue and make certain you have the numbers correspond on the lots being bid for. Nearly every sale develops some mistake—quite often the bid sheets arrive *unsigned,* with no way to determine the identity of the bidder!
